

ZAI Lab announces the opening of R&D center in Shanghai

Shanghai, China – October 23 2015 – Zai Lab (Shanghai) Co. Ltd (Zai Lab), an innovative biotech company based in China, announced today the opening of its R&D center in Shanghai. The facility is located in the middle of the life sciences R&D cluster in Shanghai Zhangjiang Hi-Tech Park, and is neighbor to many of the industry leading companies in the Park.

Zai Lab is building an integrated biopharmaceutical company in China focusing on discovering and developing innovative medicines for both China and globally. “The opening of Zai Lab research facility is of landmark importance to us as it further established our capabilities in delivering innovations to patients” says Samantha Du, CEO. “In the past year, Zai Lab has established a portfolio of clinical stage products, and we would like to build on our expanding portfolio and development capabilities to a fully integrated discovery research and development organization”. “During the past decade, founders of Zai Lab were instrumental in building Zhangjiang into a successful R&D and innovation hub of the life sciences industry in China” said Lanzhong Wang, General Manager of Shanghai Zhangjiang Biotech & Pharmaceutical Based Development Co., Ltd. “We’re thrilled to see Zai Lab opening their R&D center at our Park and we’re confident they will be an important force to ensure the life sciences growth in Zhangjiang Hi-tech Park.”

About Zai Lab

ZAI Lab is a leading biotech company based in China focused on discovering and developing innovative medicines for unmet medical needs globally. The company is building a strong portfolio of therapeutic programs aimed at transforming patients’ lives. Zai Lab has a world class leadership team with deep experience at global pharmaceutical and biotech organizations. The team has a strong track record of success – successfully taken five novel drug candidates into clinical trials in China, pioneered new regulatory channels, secured regulatory approvals in record times, conducted multiple IND trials in the US, and brought the first China discovered drug into Global Phase III trials. Zai Lab is committed to build a globally leading drug research and development powerhouse with a culture of excellence and teamwork and a strong focus on fostering innovation and creativity.
